Trek into America's Grand Canyon

Regularly voted amongst the world's greatest natural wonders, the Grand Canyon is now in its 90th year since it was established as a United States National Park in February 1919.

Some two thirds of TrekAmerica's USA trips include the Grand Canyon. For travellers aged 18-38 one option is the 10-day Canyon Adventure which visits the Grand Canyon plus four other National Parks – Canyonlands NP, Moab/Arches NP, Bryce Canyon NP and Zion NP – providing some of the west's most awe-inspiring landscapes in one tour.

This trip has departures between May and September 2009 and costs from £769 per person, excluding flights. www.trekamerica.co.uk/tours/cv.html
